Sooner Scribes Board

Early Scribes

Last year we began the study of Annie Cicale's book. Donna Livingston brought this study to light with lots of ideas and expertise. This year we would like to continue this study at designated times on week-ends. We are seeking volunteers to present different topics discussed in Annie's book. Any pages you create can easily be added to the books we bound last April. So... look through your books and pick your favorite topic and consider sharing that love with others.

Workshops

Sue Ann Rodgers has been busy securing Carrie Imai for “Italic Formal to Funky”. This workshop will be Nov 5 & 6... that's right Wed and Thur... during the week. We've not had a workshop before during the week but

this opportunity fell our way and we jumped! You may visit Carrie's website to get a flavor of her fabulous work, www.carriedesigns.com

Sooner Scribes Web site!

Phyllis Pennington has had her nose to the grindstone creating our terrific website. Many Scribe members have contributed and we are so thankful!!! We welcome thoughts and ideas about the site content..

The new site should be online by the time this issue goes to 'press'.

Sooner

Scribes has a new Web site!

Our very own Scribe, Phyllis Pennington, decided it was high time Sooner Scribes had a Web site. She has been taking training online through Francis Tuttle Vo-Tech Center to become a Certified Web Designer and made Sooner Scribes her first official Web Design project.

Phyllis started creating the graph-

ics from a brochure that Donna Livingston had created for the Scribes about a year or so ago. The site is now online and has been placed in its permanent home. We are even sporting a brand new name for the Web site.

Visit us at: www.soonerscribes.com. We will be listing programs, “Drops”, upcoming workshops and local classes to name a few of the items.

“I could not have created this Web site without the wonderful help and input from dedicated members of this guild. Thank you to each and every one of you who graciously gave me corrected copy for the pages, wonderful samples of calligraphy, time and review of the pages with constructive comments on how to improve the prototype as well as much needed information. Thank you to all you scribes who helped in this process.. You have all been a great help and support to me.”
